

SOUTHERN NEW JERSEY CHAPTER
National Coalition of 100 Black Women

International Women's Day 2014

The official United Nations theme for International Women's Day
2014 is "Equality for women is progress for all."

In support of International Women's Day the International Affairs Committee invites members to don attire representative of the nation you hold dear at our
General Membership Meeting on March 8, 2014.

To accompany your outward appearance be prepared to offer a brief observation of the women in that nation. Please consider bringing a small sampling your "dear nation's" simplest edible.

Your brief comments about your attire/nation/edible will be included in the agenda.
